ISSUE 3 - JUNE 2025

## NEW ACADEMIC TERM BEGINS 30 JUNE 2025

*We are excited to welcome new and returning students to the start of the academic term on 30 June 2025. Our undergraduate (Honors) programs in Computer Science, Digital Marketing, and Business Management & Entrepreneurship continue to offer an innovative, project-based curriculum.*

*Courses this new term include:*

- *Discrete Mathematics*
- *Introduction to Computer Science*
- *Business Law*
- *Microeconomics*
- *Digital Marketing Fundamentals*
- *Research Proposal Writing*

*At UTE, we challenge every student to create something meaningful, whether a conceptual or a physical product, resulting from each course. English, research, and critical thinking skills are embedded across the curriculum. Every graduate completes both an internship (industrial placement) and a final thesis, making UTE one of Cambodia's most applied and forward-looking universities.*

# STUDENT LIFE HIGHLIGHT: UTE SOCCER CLUB

---

---

*Every Friday evening, UTE students gather on the field for football training and friendly matches. The UTE Soccer Club is not just a space for sport; it's a platform for team building, physical fitness, stress relief, and leadership development.*

*UTE Soccer Club and Friendly Match*

*Benefits of football for university students include:*

- Enhancing teamwork and collaboration*
- Improving physical health and endurance*
- Boosting mental well-being and reducing academic stress*
- Strengthening communication and social skills*
- Developing discipline, strategy, and decision-making*

*Whether you're a seasoned player or a newcomer to the sport, UTE's football club welcomes all students who value energy, enthusiasm, and community spirit. Join us every Friday to kick off your weekend on a high note!*

*UTE Soccer Club*

*As our Soccer Club Captain, Theng Kakada, puts it, "Playing football every Friday with the team is more than just a game. It builds our discipline, unites us as friends, and keeps our minds and bodies sharp. The soccer club is like a second family at UTE."*

*Theng Kakada, UTE Soccer Club Captain*

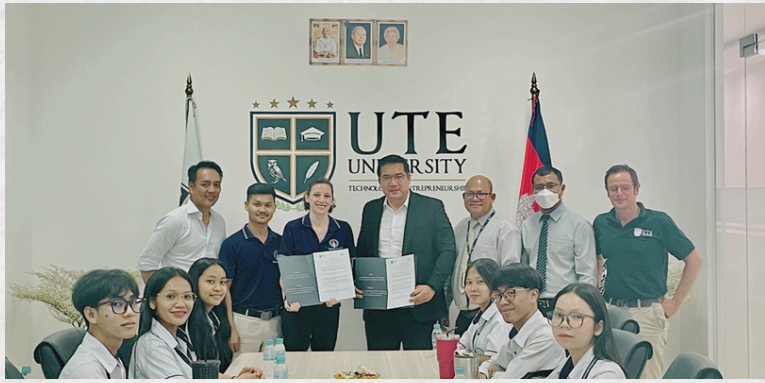

# BUILDING NEW BRIDGES: PARTNERSHIPS & COLLABORATIONS IN JUNE

*June was a big month for growing our UTE community and building new relationships. Through school visits, meetings, and formal partnerships, we continued our mission to connect with like-minded institutions that share our values in quality education, student growth, and innovation.*

## PARTNERING WITH THE ACADEMY OF CAREERS AND TECHNOLOGY (ACT)

*After a friendly and productive visit in May, we were proud to officially sign a Memorandum of Understanding with the Academy of Careers and Technology on 6 June 2025. This new partnership opens the door for student mobility between our two institutions, and we're already planning ways to collaborate from joint branding efforts to shared events and talent development. We're especially excited to welcome ACT graduates into UTE programs in the coming academic year.*

*MoU Signed and Gift Exchanged with ACT*

# WELCOME NEW INTELLECTUAL CAMBODIA GROUP ( AIA & CIA SCHOOLS )

*On 9 June 2025, we signed another exciting MoU with the New Intellectual Cambodia Group, which includes AiA International School and CIA School. This partnership is a key step in supporting students as they move from high school into university life. It's not just about recruitment, but it's about building a pathway that helps students grow with the support of both institutions. We look forward to creating meaningful academic opportunities together.*

*MoU Signed with NIC Group*

# MEANINGFUL CONVERSATIONS WITH ICMS AND KURMUL INTERNATIONAL SCHOOL

*Earlier in the month, on 4 June, we sat down with leaders and representatives from the International College of Management, Sydney (Australia), and Kurmul International School to discuss how we can work together in the future.*

*Photo With Representative from ICMS*

*Photo with the Principal of Kurmul International School*

*From co-hosting student engagement activities to offering pathways for Grade 12 students, the meetings were full of potential. Kurmul International School was especially open to welcoming UTE for future outreach events, something we're very excited about.*

# CONNECTING WITH FUTURE STUDENTS: WORKSHOPS, SCHOOL VISITS & CAMPUS READY

*UTE was delighted to host a special workshop titled “Choosing a Major at a University” for students from Prek Leap NGS High School on 13 June 2025. We welcomed 120 enthusiastic Grade 12 students and 5 teachers to our campus, where they explored different academic pathways, asked insightful questions, and got a first-hand look at university life.*

*Students from NGS Prek Leap*

*A week later, on 20 June, our outreach team visited Samdech Akka Moha Dhamma Pothisal Chea Sim Prek Anchanh High School (NGS), where hundreds of students joined an engaging session on how to prepare for higher education. The students showed great curiosity and energy, asking thoughtful questions about university readiness, campus life, and program selection.*

MoU Signed with Chea Sim Prek Anchanh (NGS)

*We believe that such curiosity is the foundation of academic and personal growth. UTE remains committed to nurturing this spirit by providing an environment where inquisitive minds are empowered, guided, and challenged to achieve students' highest potential. We look forward to welcoming you all.*

*We were proud to sponsor the venue for the Phnom Penh Toastmasters Club, a community dedicated to helping individuals become confident speakers and effective leaders. Personal and professional success need more than just a degree. At UTE, we support platforms that cultivate essential soft skills as such.*

*By partnering with organizations like Toastmasters, we aim to foster a culture of continuous learning and empower individuals from all backgrounds to express themselves with clarity, confidence, and purpose. We look forward to future collaborations that uplift voices and strengthen the capacity of our UTE community. Let's explore and benefit from the club together.*

To close out the month, we conducted a workshop and on-site entrance test on 27 June 2025 at Preah Sihanouk Ville General and Technical High School. It was an exciting opportunity to connect with students in the coastal province, support their university preparation journey, and offer direct access to UTE's academic programs through immediate admissions testing.

The energy in the room was vibrant. Students came prepared, eager to learn more about university life and explore what UTE has to offer. Some of them were selected to receive a reward for their excellent engagement during the workshop. We thank Ms. Sun Chenda, school principal, for the support. UTE is honored to be part of the moment where students are preparing for a turning point in their academic journey. UTE is committed to making higher education more accessible, and we're ready to continue bringing opportunities directly to young minds across the country.

# COURSE SPOTLIGHT: FINANCIAL LITERACY

*In today's fast-paced and increasingly digital world, understanding how money works is no longer optional, but it's essential. That's why last term, UTE's foundation students took part in the Financial Literacy course, led by Dr. Arti Lata, who holds a PhD in Business Management from Shri Mata Vaishno Devi University, India.*

*As Dr. Lata reflects:*

*"UTE students are eager learners, strong in math, and excited by innovation. I integrate case studies, scenario-based activities, and discussions on the digital economy and AI. Financial literacy is not just a skill, it's a mindset; and UTE learners are ready to lead."*

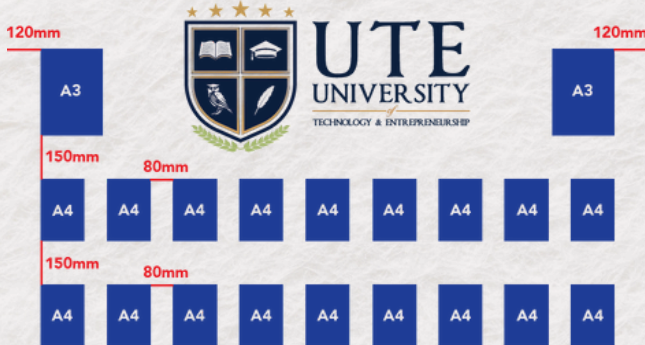

*For UTE students, financial literacy isn't only about managing personal expenses, but it's also about building the confidence to launch a startup, analyze a market, negotiate contracts, or even lead organizations. In a university that champions entrepreneurship and innovation, this course is a cornerstone of real-world preparation.*

# LOOKING AHEAD

*In preparation for welcoming new students in the 2025–2026 academic year, UTE has also completed a mock-up building design as part of our ongoing renovation efforts. We're committed to creating a campus that's inspiring, student-friendly, and future-ready. With applications now open, we invite you to be part of this exciting journey—your place at UTE is just one decision away!*
